---

## Summary

Results-driven Java Developer with over 2.5 years in high-performance application development. Proficient in Java, Spring, Hibernate, and REST APIs, with a solid grasp of the SDLC and agile methodologies. Dedicated to achieving client satisfaction through effective collaboration with cross-functional teams.

---

## Education

- **Bachelor of Science in IT**, University of Mumbai (July 2018 - August 2021)
  - **HSC in Science**, Board of High School and Intermediate Education, Uttar Pradesh (June 2015 - June 2016)
  - **SSC in Science**, Board of High School and Intermediate Education, Uttar Pradesh (June 2013 - June 2014)
- 

## Key Skills

- **Java Development:** Java 8+ (Lambda Expressions, Streams, Optional, Date/Time API)
  - **Spring Boot:** Microservices, Configuration, Dependency Injection, Auto-Configuration
  - **Microservices Architecture:** Consul (Service Discovery), Spring Cloud Gateway (API Gateway), Spring Cloud Config
  - **Notification Systems:** WHATSAPP, SMS and EMAIL notifications Integration
  - **Distributed Systems:** Kafka (Tracing & Messaging), Infinispan (Distributed Caching)
  - **Schedulers:** Spring Scheduler (Task Scheduling)
  - **Webhooks & Callbacks:** Real-Time Notifications, Asynchronous Processing
  - **Technologies:** MySQL, DBeaver, Docker, Kubernetes, Git, GitLab, GitHub
  - **Monitoring & Alerts:** ELK Monitoring, Alert Creation, Dashboard Creation
  - **Tools:** Postman (API Testing), JIRA (Project Management)
- 

## Professional Experience

## **Java Developer**

*Smartbox Lockers | Noida, Uttar Pradesh | October 2024 - Present*

- Promoted to Java Developer following impactful contributions as a Software Engineer Jr.
- Implementing strategic initiatives to maximize system robustness, scalability, and performance.
- Implementing advanced Java practices for code optimization, reducing operational overhead.
- Collaborating with cross-functional teams, contributing to project goals and technical strategies.

## **Software Engineer Jr.**

*Smartbox Lockers | Noida, Uttar Pradesh | October 2022 - October 2024*

- Designed and implemented Java solutions for Smartbox Locker specifications.
- Collaborated with cross-functional teams for alignment with product requirements.
- Developed and maintained clean, efficient Java code adhering to coding standards.
- Conducted code reviews and provided constructive feedback to peers.
- Optimized system performance, reducing runtime errors through rigorous testing and debugging.
- Key contributor to project milestones, earning "Rising Star" recognition for exceptional contributions.

## **Technical Content Writer**

*GeeksforGeeks | Noida, Uttar Pradesh | September 2022 - Present*

- Authored 50+ technical articles on Java concepts, best practices, and real-world applications.
- Worked with subject matter experts and editorial teams to improve content quality.
- Provided innovative ideas during content planning, leading to the publication of numerous improvements.

## **Java Developer Jr.**

*ScoreMe Solutions Pvt. Ltd. | Gurugram, Haryana | January 2022 - October 2022*

- Developed and enhanced backend solutions using Java 8, MySQL, and Postman.
- Contributed to API Integration, PDFBOX Digital, and Bank Statement Analyzer (BSA) projects.
- Engaged in the full software development lifecycle, including design, development, testing, and deployment.
